Dear Customers,

the DeutschlandTicket is one of the great achievements of regional public transport in the last few decades. This ticket, valid across Germany, makes it easier and more cost-efficient to flexibly travel by bus and train. The Verkehrsverbund Rhein-Ruhr and Germany as a whole have many regional transport customers using the DeutschlandTicket for their day-to-day mobility.

We have revised our offering in order to further facilitate your access to regional public transport while contributing to climate protection. The DeutschlandTicket, the eezy.nrw Ticket, and the much slimmer VRR network tariff make sure that you can find the ticket to match for any travel, irrespective of its cause.

The electronic eezy.nrw ticket is a fair and comfortable alternative for spontaneous trips across North Rhine-Westphalia. It can be booked simply and digitally via the VRR app or the app of the respective transport company. The costs for the trip result from a fixed basic fee and the linear kilometres travelled. Our goal is rendering use of bus and train even simpler for you in future. We look forward to you going this step into a sustainable future together with us.

Do you have any questions about our current ticket range? Our employees will gladly help you.

Have a safe journey by bus and train!

Tickets for regular rides

DeutschlandTicket

Buying in the VRR – travel nationwide: Going anywhere in Germany by bus or train, without having to think about city or transport association area boundaries? Protecting the climate and environment at the same time? The DeutschlandTicket makes it very easy.

The DeutschlandTicket subscription for 58.00 euros per month is available as a digital ticket comfortably via your smartphone or chip card. You can purchase the DeutschlandTicket via the VRR App, the transport companies' apps, at the KundenCenters, or at the sales outlets in your area. You can carry your flat rate for regional public transport in your pocket this way, using buses and trains anywhere in Germany whenever, wherever, and as often as you want.

Who can profit from the DeutschlandTicket?

The DeutschlandTicket will pay off if you travel by bus and train in the VRR, in NRW, or even anywhere else in Germany. It is particularly comfortable for commuters and frequent travellers who want to travel by bus and train while protecting the environment. The DeutschlandTicket is a personalised ticket that cannot be transferred to any other persons.

What type of public transport will you be able to use?

It can be used for all regional public transport vehicles in Germany, i.e., all buses, trams, light rail, and subway trains as well as to travel in 2nd class in any city trains, regional trains, and regional express trains. The DeutschlandTicket cannot be used for any long-distance trains (e.g., ICE, IC, EC) or with any private providers such as FlixTrain.

DeutschlandTicket Schule

What is the DeutschlandTicket Schule?

The DeutschlandTicket Schule is a discounted bus and train ticket (chip card) for pupils. Pupils can use the ticket to travel all day, to school and in their free time alike. The ticket is valid throughout Germany and around the clock.

How do I get the DeutschlandTicket Schule and what does it cost?

The prerequisite for a DeutschlandTicket Schule is that the school authority of your school has contractually chosen the DeutschlandTicket Schule. If the route to the nearest school is longer than 3.5 km, you may be entitled to travel expense coverage. For primary school children, the required distance is only 2 km. For upper secondary schools, the limit is 5 km. Please contact your school's secretary directly to verify eligibility and receive the corresponding application. Eligible persons will only pay the legally required shares (EUR 7.00 or EUR 14.00 per child). If you do not have any claim to transport expense coverage, you can purchase a DeutschlandTicket Schule for your child as a self-payer at EUR 38.00 in a subscription that can be terminated every month.

Can I continue using a SchokoTicket if the school authority of my school has chosen the DeutschlandTicket Schule?

If the school authority chooses the DeutschlandTicket Schule, pupils of the respective school can only use the DeutschlandTicket Schule anymore. This applies to eligible people as well as to self-payers. The ticket switch enlarges the area of application without any financial disadvantages.

Can I purchase a DeutschlandTicket even if my school has still chosen the SchokoTicket?

You can terminate your current SchokoTicket with your transport company and purchase a regular DeutschlandTicket for 58.00 euros there.

DeutschlandTicket Sozial

What is the DeutschlandTicket Sozial?

The DeutschlandTicket Sozial is a discounted bus and rail ticket for eligible customers. The ticket is valid throughout Germany and around the clock.

How can I purchase the DeutschlandTicket Sozial and how long will I be bound to the subscription?

You can purchase the DeutschlandTicket Sozial in a subscription that can be cancelled every month. If you no longer need it, you can terminate your DeutschlandTicket Sozial free of charge by the 10th day of a month, effective at the end of the month. If you do not terminate it, it will be renewed month by month and the amount will be debited from your account accordingly. Example: If you no longer wish to use the DeutschlandTicket Sozial from March onwards, terminate it by 10 February with the transport company from which you bought it.

How can I purchase the DeutschlandTicket Sozial?

You can receive the DeutschlandTicket Sozial if you, for example, receive unemployment benefits II and social benefits (SGB II), social assistance (SGB XII), housing allowance, or if you are eligible for benefits under SGB VIII, eligible under the Asylum Seekers' Benefits Act, or eligible under the Federal Pensions Act.

You are not certain whether you are eligible for the DeutschlandTicket Sozial?

Inquire from your local authority in your city. They will also provide you with the necessary certificate of eligibility (carrier card) or a notice for purchase of a DeutschlandTicket Sozial. Take this certificate of eligibility to your transport company and obtain the DeutschlandTicket Sozial there.

eezy on the road

The eezy.nrw ticket lets you start your ride on the bus or train spontaneously while often saving money as compared to a single ticket. How does it work? A check-in and check-out system calculates the fare based on your distance travelled in. You will only be charged for the direct linear distance between boarding and disembarkation stop!

How does eezy.nrw work?

- Download the VRR app or the app from a transport company
- Register in the app's ticket shop, file your means of payment, switch on GPS, and activate mobile data
- In future, it's simply: Check in – travel – check out
- The fare will be calculated automatically after each ride.

What does my ride cost?

A basic fee will be charged for every ride with the eezy.nrw in the VRR. The price per started linear kilometre will be added to this.

If there any built-in cost protection for trips with eezy.nrw in the VRR?

VRR has a practical price cap per ride. If the ride with eezy.nrw in the VRR would be more expensive than the regular VRR EinzelTicket for adults at the required price level, the fare will be reduced to that of the respective EinzelTicket price. Your fees are capped at 58.00 euros per month (per person in 2nd class).

Would you like to travel anywhere in NRW? It's no problem with eezy.nrw!

eezy.nrw will let you travel anywhere in NRW. Check in comfortably at the starting stop before setting out and check out again at your destination stop. The app will also automatically calculate the correct fare for journeys anywhere in NRW.

Set out all eezy:

1

Start your journey by checking in via the app before boarding the vehicle.

2

You will receive a digital transport authorisation to show on your smartphone during an inspection.

3

End your trip by checking out in the app after leaving the vehicle. The fare is calculated and debited automatically.

Easily book passenger transport, 1st class, and bike

Passenger transport

You can add up to ten adults and an unlimited number of children to your eezy.nrw journey.

Fare per adult	Fare per child*
Same basic and linear kilometre fees as the person booking	50% discount on the adult price for each child accompanying your journey

*Younger than 15 years of age

Taking along passengers is linked to the 24-hour period of the booking person.

Bicycle transport in the VRR

Bicycle transport with eezy.nrw VRR is charged at a flat rate of EUR 4.40 per trip and bicycle. The validity period is linked to the 24-hour period of the booking person.

Supplementary booking 1st class in the VRR

1st class travel in the VRR is possible with eezy.nrw. We charge a flat-rate surcharge of 50 percent on the basic fee and beeline price per person and trip when using this. Additional booking of 1st class applies to all ticket users with transport authorisation.

Price cap for 24 hours

The 24-hour period starts with check-in for the first ride and ends 24 hours later. If you make several rides with eezy.nrw during this period, automatic cost protection is also built in for you. You will pay no more than EUR 28.90 (per person, in 2nd class) for your journeys within the VRR eezy.nrw within the VRR. The corresponding price cap is EUR 34.50 for travelling across NRW. The 24-hour price cap applies separately for any passengers taken along.

Good reasons for subscription tickets

- Your subscription ticket gives you the flat rate for bus and train. Enabling you to take the bus or train spontaneously at any time.
- Use your travel time sensibly and remain independent of parking space availability or fees. You will also protect the environment.
- Your mobility guarantee applies if we are unable to take you to your destination on time in an exception (s. page 30).
- The subscription can be terminated at any time:

You can terminate your VRR subscription ticket at the end of the month at any time. The term of your subscription will renew by one consecutive month from time to time if the transport company has not received notice of your termination by the last day of the current month.

DeutschlandTickets can be terminated ever month by the 10th day of the month, effective at the end of the month. A termination fee generally is not charged.

Bicycle transport

Generally speaking: the transport companies are happy to take along your bicycle. In the interest of all passengers, however, this will depend on the time of day, traffic volume, and the available space. Therefore, please enquire in advance about the respective rules of your transport company. If you want to take along a bicycle in the transport association area, you need a corresponding ticket for taking along a bicycle. Ticket2000 has bicycle transport included in the ticket features already. For a day trip beyond the borders of the network tariff zone, you can use the FahrradTagesTicket NRW in combination with a cash ticket or time ticket of the VRR or any other ticket of the NRW rate or the DeutschlandTicket.

The VRR price levels

Price level A

Price level A usually applies to rides within a city or for two adjacent honeycomb cells of different tariff zones.

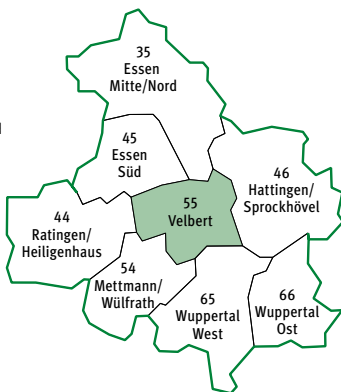

Example for price level A
level A Wesel

Price level B

Price level B lets you choose a central tariff zone from which you can then travel to the directly adjoining tariff zones. Remember that the central tariff zone does not have to be the tariff zone in which you live. For example, you may be living in Mettmann and yet choose Velbert as your central tariff zone.

Example for price level B with
central tariff zone Velbert and
adjacent tariff zones

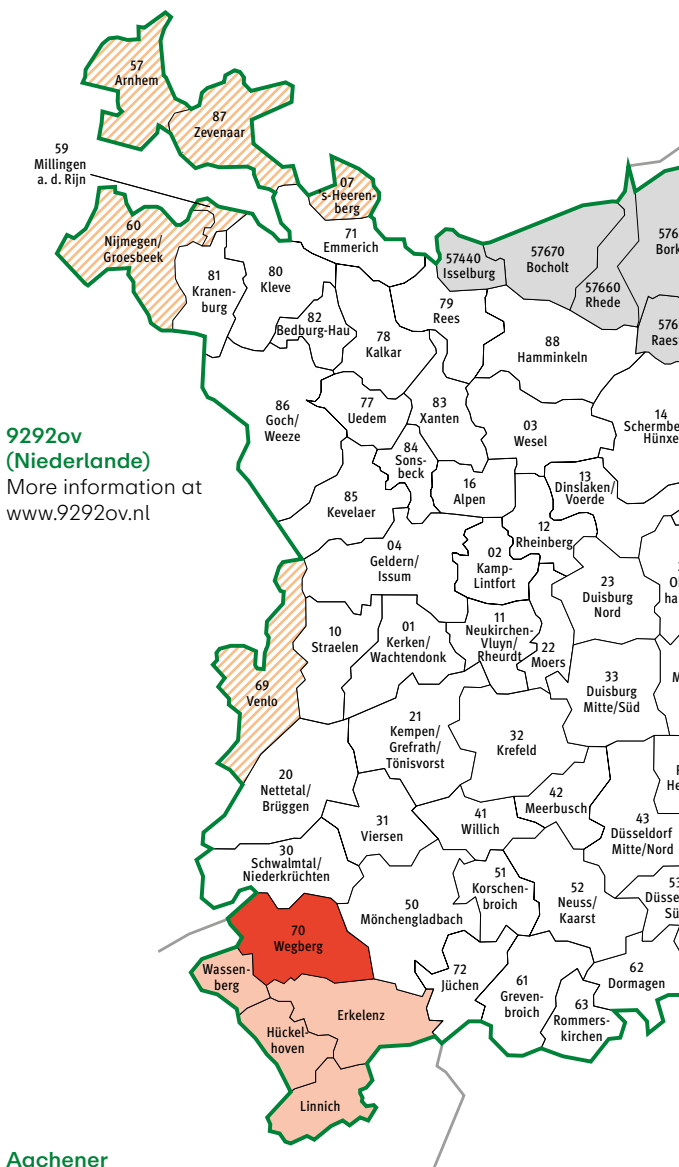

Price level C

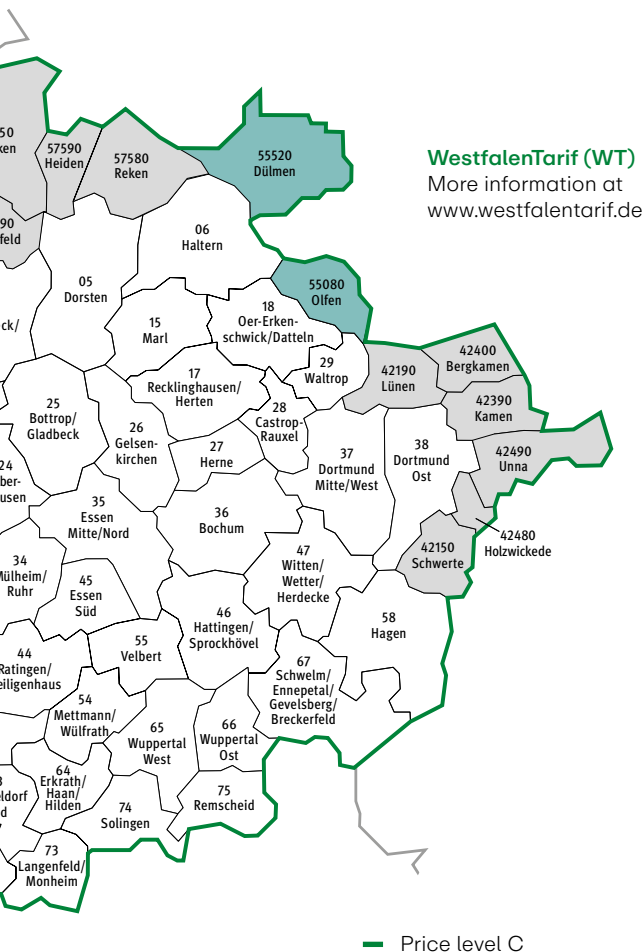

Tickets on price level C let you travel anywhere in the entire network tariff zone.

Find an overview of price level C on the following pages.

Price level C: the network tariff zone

-  The VRR rate applies only to specific lines and only at a transfer.
-  The VRR rate applies only at a transfer on all lines. KombiTickets are not valid.
-  The VRR rate applies only at a transfer on all lines.
-  Tarif zones of the AVV that are covered by the SchokoTicket.
-  The VRR rate applies to the entire tariff zone for SchokoTickets only. For any other VRR tickets, the VRR rate applies to line 017 only.

Key facts

Timetable app

Do you want to travel by bus and train and do you need information and services around your trip? The timetable apps of the VRR and transport companies for iOS and Android will keep your personal travel companion at hand at all times. Simply enter your start and destination and have the app show you the local public transport connections to match. Any interferences in operation during a trip will be reported to your smartphone. The VRR and transport company apps can be found in the respective app stores.

Pet transport

Pets may be taken along free of charge on regional public transport and SPNV both in the VRR and anywhere in NRW. Safety and order of the operation as well as passengers travelling with the vehicle must not be impaired by taking along pets.

KombiTicket

The KombiTicket combines admission to an event with a ticket for public transport in the VRR. For example, if you are attending any trade fairs, sports events, visiting a theme park, or doing similar activities, your ticket may already include a bus and train ticket as well.

Whether this is actually the case can be told at a glance since each ticket states in writing whether it can be used as a KombiTicket.

The tickets are valid on the day of the event. They entitle to travelling to the event location and back from it. Your KombiTicket is available through the corresponding organisers or their pre-sales offices, and from any sales offices with a KombiTicket logo.

The KombiTickets entitle the holder to travel in 2nd class on any buses, trams, light rail vehicles, city trains, the Wuppertal suspension railway, and the surcharge-free trains of the railway companies for the respective areas of validity.

Mobility guarantee

We want to get you to your destination quickly at all times. If we fail at doing so at any point, e.g., due to traffic jams, parking offenders, or vehicle and operating equipment interferences, you will profit from our mobility guarantee. It applies to all tickets under the VRR and NRW rates.

It applies if the local public transport you are trying to use is cancelled or departs from the departure stop with a delay of at least 20 minutes as compared to the timetable. You must transfer to the alternative means of transport within 60 minutes. If you travel by IC/EC or ICE instead, or if you are taking a taxi or a sharing service (e.g., car, bike, e-trekker sharing, on-demand transport), we will reimburse part of the costs that arise for this.

As a Ticket2000 customer, you will receive up to **60.00 euros** for the whole day. Users of any other tickets will receive up to **30.00 euros** from 5 a.m. to 8 p.m. and up to **60.00 euros** from 8 p.m. to 5 a.m.

05:00 Uhr bis 20:00 Uhr

20:00 Uhr bis 05:00 Uhr

The only thing you need to do for this is submit an application to your transport company within 14 calendar days after the delay. For the corresponding form, go to your KundenCenter or download it from **www.vrr.de**.
