

The DeutschlandTicket Schule!

My child is currently using the SchokoTicket. Do I have to terminate it?

If the school authority of your school has chosen to use the DeutschlandTicket Schule from 01 August 2023 onwards, you do not need to do anything more. Your child's SchokoTicket will be automatically converted to the DeutschlandTicket Schule in this case, and your contract will continue to run automatically. You cannot keep the SchokoTicket in this case. Your transport company will inform you soon.

What is the DeutschlandTicket Schule?

The DeutschlandTicket Schule is a discounted bus and train ticket (chip card) for pupils. The ticket keeps pupils mobile all day, letting them travel to school or sports, or to visit their grandmas in other towns. The ticket is also valid anywhere in Germany around the clock.

How do I get the DeutschlandTicket Schule and what does it cost?

The prerequisite for a DeutschlandTicket Schule is that the school authority of your school has contractually chosen the DeutschlandTicket Schule. If the route to the nearest school is longer than 3.5 km, you may be entitled to travel expense coverage. For primary school children, the required distance is only 2 km. For upper secondary schools, the limit is 5 km. Please contact your school's secretary directly to verify eligibility and receive the corresponding application. You will only pay the legally required shares (usually EUR 14 per child). If you do not have any claim to transport expense coverage, you can purchase a DeutschlandTicket Schule for your child at EUR 29.00 in a subscription that can be terminated every month. You can find an application at www.vrr.de.

What kind of transport can my child use with the DeutschlandTicket?

The ticket is not valid on any long-distance trains (e.g., ICE, IC, EC) or with any private providers such as FlixTrain.
